

Cricket Development TSR

Our team of professional coaches have the opportunity to inspire children to do the things that inspire them during the Easter holidays which is the best thing in the world. The fun part is trying to figure out all the different ways we can do that. We have a history of successfully delivering holiday courses to youngsters for over thirteen years and ensuring they leave making many new friends and having learnt new skills. The courses we offer below will provide your child with a sound technical and tactical understanding of the game in a fun and safe environment.

Cricket Development Course Overview

Cricket Development Courses: -

The Easter coaching camps will be led by TSR coaches and provide an ideal opportunity for young cricketers to practice, learn and enjoy all formats of the game.

The drills and games will replicate the way County 1st team cricketers train. Most of the techniques and skills learnt can be used in all forms of cricket so the coaching can have a real impact on any young cricketer.

The mornings will be skills and drills to develop the players batting, bowling and fielding. The afternoons will be a World cup competition where all children will play matches which will be part of an ongoing league throughout the three days.

In the event of inclement weather we will still be looking to go outdoors as much as possible so please bring appropriate clothing as detailed below.
